Class Introductions Discussion Board

New thread

Be sure to introduce yourself in the Class Introductions discussion board on the first day of class. This is how your professor knows you are active in the course. To post to the discussion board you can either click the "New Thread" button (top left of the screen) or the "Reply" button at the bottom of your classmate's post.

Hi An
Hi Anthony,
Welcome to the course! This class will definitely help you with writing and researching papers. Remember to ask lots of questions!

Assignment

Research Paper Proposal

An important part of a business-related project is to get a variety of sources. You can include books, magazines, and you gather background information.

To submit most of your assignments you will need to prepare your response in a Word document, save it to your computer, and then attach it below using the "Browse" button. You can also type comments to your instructor in the field below. The last step is to click the "Submit" button.

Assignment

Research Paper Proposal

An important part of this course will be a short research paper that you will write on a business-related topic. It can be a topic related to the work you do in your professional life. However, it can also be on any business subject that interests you. The whole point of this project is to get you familiar with the process of putting together a short research paper using a variety of sources to get your information. Resources that you can use for your paper can include books, magazines, the Internet, your manager, co-workers, or any other source to help you gather background material.

After your instructor has returned your assignment, you will be able to view your grade in the box outlined in orange below. By clicking on the "Details" button you will be able to review any feedback provided by your instructor.
